

## Essex Dance Theatre - Use of Building

### Chelmsford & Brentwood students

**Those children with underlying health conditions attend at their parent's discretion.**

**COMMON SENSE prevails- if you are feeling unwell... don't come....**

**You must book your place on the summer course - we have to create bubbles**

**NO USE OF CHANGING ROOM/ KITCHEN**

**Arrive** in Kit with own full water bottle.

**On arrival**, please wait at main entrance - social distance space measured by flower pots. Students Grade 3 and above without adult. Below grade 3 = 1 adult to wait with them. **NO ADULTS IN BUILDING PLEASE.** A member of staff or Senior student teacher will allow 3 students at a time in to go to washbasins to wash hands. Students will then go straight into studio 1, bags/water bottle spaced in corner,  
Spacing will be clearly marked for all activities in the studio.

**After class** Grade 3 and above will exit via studio 1 fire doors to car park. Grade 3 and under, parents please wait by studio 1 fire exit doors - I am sure you appreciate the important necessity for the adults of younger students to be ready and available and on time at the end of the session to avoid problems.

We will want to keep doors and windows open for a through draft of fresh air, staff would be grateful if younger students' adult only comes to exit area at end of session to avoid distraction

Staff will need to wipe down barres once students have exited the studio.

## TAP -

Student teachers will establish a clear one way system.

ALL tap students to wash hands going into studio 1

ALL students to wash hands going into tap from previous session.

The first set of tappers in studio 3 will wait and then transfer to studio 1 for their second session when all is clear.

The second set of tappers will go to studio 2 to wait, once the first set are in studio 1, then studio 2 can go into studio 3!!

If Tap is your last lesson students will be escorted by a senior to exit through the Kitchen door at the end of their session. Parents should wait at the kitchen door in the garden area.
